

Cindy's Letter to Congress

Dear Elected Officials,

When are you all going to take back your constitutional authority from the maniac in the White House? If you all won't protect us, who will?

We are seriously screwed and you all sit back and let the administrative branch take away our freedoms and foist criminals on us: people with no humanity or regard for our American Constitution or humanity. People like Alberto Gonzales and John Negroponte and most recently, John Bolton...torturers and murderers, to name a few. You in fact are complicit in stealing our freedoms by extending the un-Constitutional and un-Patriotic Patriot Act. Have you all lost your minds?

Please protect us. President John F. Kennedy said (1962): Those who make peaceful revolution impossible will make violent revolution inevitable. I travel the country and I see a revolution coming...it won't be violent, it will be a peaceful revolution. We don't want to lower ourselves to the level of our government. People are sick and tired of what's going on in America today. We are wondering where we really live.

We have no checks and balances in this government. We don't even have a media to tell us the truth. Please tell me what recourse do We the People have? May we impeach George and Dick and all of the lying cabinet? You all don't follow the Constitution, why should we?

Take back your Constitutional power. Come back rested from your vacations and ready to do your jobs. Earn the obscene amount of money you make. Remember who you work for: your constituents, not the lobbyists or George Bush.
